

LAKE WINNIPEG MATTERS TO MANITOBA FAMILIES.

LAKE WINNIPEG must be a priority of Manitoba's next government.

This election, help ensure clean water is on the agenda.

Ask your candidates:

1. What will you do to reduce phosphorus from untreated/under-treated Winnipeg sewage entering Lake Winnipeg?
2. Do you support a budget increase to Manitoba Conservation and Water Stewardship, the department responsible for protecting and managing the health of our lakes and rivers?
3. Do you support increasing protection for Manitoba's threatened wetlands through strong regulation and strict enforcement?
4. Will you commit to sharing up-to-date water quality information with the public?
5. Do you support the establishment of an independent Office of the Environmental Commissioner to ensure government follows through on its promises?

On April 19, it's your turn to **speak out for Lake Winnipeg.**
